SKY-VIEW ADVERTISING COMPANY

PRESENTS AN ALL NEW ON-SITE ADVERTISING TOOL...AD-WAVERS™

# AD-Wavers

- A MODERN UPDATED LOOK AND FEEL IN EXTERIOR DECORATIONS
- EYE-CATCHING EFFECT...ATTRACTING PASSING TRAFFIC AND YOUR CUSTOMERS' EYE
- COLORS CAN BE COORDINATED TO YOUR EXTERIOR BUILDING DESIGN OR THEME
- CUSTOM ARTWORK AVAILABLE...FULL-COLOR LOGOS, PRICE LEADERS, ETC.

Upscale attention getters for your retail location or special event. These 2-story tall vibrant AD-Wavers move in the slightest breeze, as low as 2-mph and can withstand winds up to 50-mph. Ad-Wavers are real estate/property manager friendly...no anchor points drilled into rooftops as they are designed to be free-standing weighing only 50lbs per display unit. No electric needed as they are wind-powered. Far more effective in attracting passing motorists' eye than static displays such as inflatable advertising balloons. Permit friendly.
